James Croker, Nutrien Wagga 0427 753 533

On-property auction
(interfaced with AuctionsPlus)

FOREWORD

Reflection is key! The preceding twelve months have taught us many lessons. The shift in the lamb markets presents both challenge and opportunity. Certainty remains within the fundamentals of the red meat sector supported by a hungry world where global protein markets remain solid.

Unchanging are the profit drivers within a successful sheep meat business. Karrawarra drives a highly efficient business focusing our attention on return per hectare with knowledge and experience that supports our financial viability year in year out. We know as the season tightens efficiency becomes empirically relevant and our moderate ewes, rearing rapidly growing twin lambs will support our efficiency goals and objectives.

Here at Karrawarra our team works to produce sheep that meet the changing market, targeting efficiency and durability where our sheep drive profit across a range of climates. Karrawarra has developed an index for Highlander to continue to drive moderate ewe production where the ewe has the capacity to wean her own body weight in 12 months. Joined as a ewe lamb this means the Highlander over her lifetime can produce 300 kilograms of lamb.

Perhaps our most exciting news is that the FocusPrime® breeding program has shown itself to be amongst the best choices to improve Eating Quality including IMF and Shear force sitting within the top 5% of Terminals measured through Sheep Genetics®.

We have absolute confidence in our sheep and what they can offer our clients as we see the results in our own commercial operation. We look forward to supporting your businesses and sharing the same successes. We thank you for your continued support and belief in our product.

Best Wishes

YOUR KARRAWARRA RAM PURCHASE

Terms and Conditions of our Ram Warranty Policy are outlined in Karrawarra's Ram Buyers Guide which is included in your post-sale package. Please take the time to read this guide as it will help you maximise the potential of the genetics you have purchased on arrival to your property.

TRANSPORT

Vendors are welcome to transport their own rams at the conclusion of the sale. Could you please indicate your intentions with Vanessa or Leo prior to sale day.

Rams can be delivered by Karrawarra, Dick Smith Transport or Pages Transport into Tasmania. We will contact you following the sale to arrange delivery. The itinerary will be made in conjunction with other ram sales and might require you to supply additional transport from a central location to your property.

Karrawarra will provide a 50% transport subsidy.

ON ARRIVAL TO YOUR PROPERTY

Whilst our rams are familiar with both people and husbandry practices, we encourage and urge all who interact with the rams to practice responsible livestock handling. When your rams arrive on your farm for the first time they may be stressed from travel and the change in environment. Please be sure to allow time for rams to acclimate.

INSURANCE

If you wish to insure your ram purchase please do so before leaving Karrawarra. Our ram insurance policy ceases as the rams leave Karrawarra.

TWO TOOTH RAM WARRANTY POLICY

- Guaranteed disease free, including Ovine Brucellosis on departure from Karrawarra
- Guaranteed through to conclusion of first joining
- Guaranteed for structural faults through to conclusion of first joining
- Guaranteed fertility, subject to veterinary examination, testing and conclusive report

SEMEN RETENTION RIGHTS

The following sets out the terms and conditions of sale by Karrawarra Pastoral Pty Ltd (Karrawarra Pastoral/Vendor) in addition to any terms in the AuctionsPlus User Agreement and Sale Terms.

1. The Purchaser acknowledges that Karrawarra Pastoral has invested significant time and expense in the development of its breeding and that it owns all intellectual property in and retains the right to sell and use the semen from all rams sold on the following conditions.
2. Karrawarra Pastoral grants the Purchaser a licence to use the semen from the ram, naturally or by way of artificial insemination, on the Purchaser's own herd or flock. The Purchaser does not have any right to sell or otherwise commercially deal with the semen from or semen rights of the ram.
3. The names of all members of any syndicate, partnership or other joint arrangement of ownership of the animal by the Purchaser must be listed on the bidder card at registration prior to the sale. The purchaser warrants that it is not bidding or purchasing on behalf of another person who has not been disclosed to the vendor.
4. The vendor reserves the right to refuse a bid from a purchaser if it reasonably suspects that it may breach these terms and conditions.
5. If the Purchaser transfers the animal or an interest in the animal, whether by way of sale, gift or otherwise, then the transferee is bound by these rules and the Purchaser agrees to obtain the agreement of transferee to Karrawarra Pastoral terms and conditions.
